

## **Operation: Restoration**

### **Post-Workshop Assignment Questions**

*In Your Own Words...*

1. What were 3 differences that you noticed between the map of the island in 1950 and the map of the island today?
2. How many tree species did your team earn? Did you earn any animal species?
3. Did it seem fair to you that the tree species and animal species cards were worth more points than the money? Why do you think this was the case?
4. What are 3 reasons why forests are important?
5. What is deforestation? How does it affect biodiversity?

6. Name some activities that you could do in your home or neighbourhood that would help to protect biodiversity.

*Multiple Choice and Fill-in-Blanks (Use the Biodiversity Toolkit to help you find these answers!)*
